

# Are you ready to take the next step in your career?

## Who we are

We're a national provider of services to people with disability, children and young people in Out Of Home Care, their families and communities and we're there for the people we support every day.

Everything we do, we do to make a real, meaningful difference for our customers and the quality of their lives.

It's called care — and that's what our people are all about.

## Why work with us

We believe that everyone is equal — our team and the people we support. We want people on our team who know it's the small things that make the biggest difference. People who do what they say they'll do and want to be part of a great team who work collaboratively, in a smart and flexible way.

## Does this sound like you?

Join us in delivering reliable, responsive and flexible service to our customers in a friendly, empathetic and caring way. When you work with us you'll be part of a dynamic team with a progressive approach to pay, rostering, training and development.

To recognise your passion and commitment, we offer great benefits that include study leave, career development, salary sacrifice packaging, a wellness package and discounts in health, fitness and travel.

# Are you ready to take the next step in your career?

## Disability Support Worker

This role is varied and exciting. Some of your responsibilities will include:

- helping our customers engage with their local communities, culture and recreational activities
- assisting with and coaching independent life skills such as cooking and cleaning
- providing a high level of personal care
- administering medication and adhering to support plans
- completing clear, concise and factual handover notes and incident reports
- managing complex and challenging behaviours.

## Youth Support Worker

In this interesting and diverse role you may be responsible for:

- mentoring and skill development — guiding young people to develop independent living skills
- being a positive role model and providing support in areas such as emotional behaviour, personal care and hygiene, transport, education, cooking and domestic duties
- administering medication and adherence to support plans
- completing clear, concise and factual handover notes and incident reports
- managing complex and challenging behaviours
- helping young people to engage with their local communities and culture through access to Community Participation Programs and recreational activities.
